SUMMARY

Certificate of Full Stack Development from University of Central Florida covering HTML, CSS, JavaScript, and Node.js, with 10+ years of graphic design concepts including web implementation. Synchronously managed two jobs and full-time school, demonstrating time management skills and dedication. Successfully rebranded a sign company, delivering a more effective and efficient web presence and securing follow up work. I am a hyper ambitious, fast learning individual with a strong work ethic and a knack for "big-picture" creativity. My strong graphic design and web development skills make me a solid asset to any organization.
